Add a Gothic look to your bar or kitchen counter with this elegant set of three vintage stools. Crafted circa 2000, the traditional barstools are the perfect height for a 42 to 45" bar surface; built in walnut, each sturdy stool stands on carved straight legs ending with bottom stretcher and a curved iron footrest on the front. The deep seat and rectangular back, are both upholstered with the original thick cotton fabric and further embellished by decorative brass nailheads. The comfortable high chairs are in excellent condition commensurate with age and use, and adorn a rich walnut patina; they would look beautiful in a ranch home. Measures: 20.5" W x 21" D x 52.5" H.
